

## 🎁 🎁 🎁 Guess How Many? 🎁 🎁 🎁

### **Supplies**

Glass jar or clear food storage container

Cotton balls, hairpins, safety pins, rubber bands, paper clips, dried beans, or pasta

Prize

### **Preparation**

Fill the glass jar or container with the cotton balls or pasta, counting each item as go.

Write the exact number on a small piece of paper, fold in half and place on top of the candy (or cotton or pasta) and close the lid.

### **Instructions**

Ask each guest to guess the quantity. The guest who comes closest without going over wins a prize.

### **Notes**

This is a great game if you don't have much time because you can use items you already have around the house.

Make sure the items you select fill your jar or container to the top.

You can also purchase a canning jar or sturdy food storage container, decorate it with a ribbon or bow, and fill it with a fun item such as jelly beans or bath beads and use it as the prize.
