Preparation

Mailed a recipe card or two with each invitation. Ask the guest to write their name on the back of the card and their favorite recipe on the front and bring it to the shower.

Instructions

Make sure you have extra cards available at the shower in case anyone forgets their recipe card at home.

Ask all the guests to drop the cards in a large bowl or shopping bag. Have the bride draw one of the cards to select a prizewinner.

You can also have the bride read through the recipes and select her favorite.

Notes

This game is recommended for a kitchen themed bridal shower. Recommended prizes include a small cookbook, kitchen towel/pot holder set or refrigerator magnets.

For the maid of honor on a budget, you can make the recipe card box out of small shoebox decorated with wrapping paper. You can use index cards for the recipe cards or cut heavy paper into quarters.
